

Dear Susan,

Now that the dust has settled and things have slowed down a bit, I wanted to thank you for everything you did to make our wedding on March 22, 2003 at the Carlyle House in Norcross so special and so memorable. Things passed so quickly during the reception that I never had the opportunity to express my gratitude to you personally.

You were so easy-going and pleasant to work with. Speaking with you a few days before the wedding made me feel very comfortable about the music at the reception. We had seen you perform back in November and were very excited about having you perform at our wedding, so I knew that the music was one aspect that I wouldn't need to worry about, and meeting with you confirmed that.

When you said, "don't worry about anything. That's our job and we'll take care of it," I can't tell you how relieved I was! That allowed me to relax and have a good time myself!

The band was even more amazing than I remembered in November! So many people told us afterwards that ours was the best wedding they had ever been to and that, in large part, I believe, is due to you and the band. You did such a great job of reading and interacting with the crowd. I have never been to a wedding where so many people danced so much. We had been worried that 12:30 might be a bit long for the small number of guests; however, many of our friends said they would have loved to dance for another hour!

Please express our gratitude to the other members of the band as well for being so easy to work with and doing such a great job at the reception! You were all just fantastic and I can't thank you enough for making our reception so wonderful + so memorable!

With best wishes,
Meredith Rubin

Dear Susan and Interactive!:

Jonathan and I wanted to let you know how much we appreciate the great job you did for us at our wedding ceremony and reception. I heard everything from "that was the most beautiful 'Dodi Li' I've ever heard" to "we loved their choice of songs and how good they were at playing every style."

We particularly appreciate how you were able to "keep on keeping on" through the heat and evacuation mayhem. We also appreciate the time you spent with us in advance, as it helped ensure that we really got everything we wanted, and more.

Thanks again for a job extremely well done. Let us know if you ever need a reference.

Best Wishes,

Betty Cohen
