Hello Susan,

I received your sweet note along with some demos in the mail. Thanks for sending that. I too immensely enjoyed working with you!! Y'all are the best - fun, flexible and talented!! It makes my job so much easier when vendors are not only good at what they do but cooperative and good communicators - you definitely have it all!! I will most certainly recommend you to future brides. I am looking forward to working together again very soon.

Sincerely,
Lisanne
